

Robert Savage

Co-Founder, Past President

Robert Savage (Bob), Co-Founder and Past President and CEO of Savage and Associates, graduated from The University of Toledo in 1959, earning a Bachelor's degree in Business, with a major in finance. A month before this graduation, Bob joined his older brother, John, who had been in the life insurance business for five years, and they opened their first business organization, known today as Savage and Associates, Inc. Following John's service as company President and CEO, Bob became President and CEO on January 1, 1975 and served for 28 years. Though Bob has since stepped down as President and CEO, he remains a key component to the Savage environment; he attends Savage management meetings, but concentrates most of his time, energy, and talent working to make Toledo and Northwest Ohio a better place. Today Bob carries the title of Chairman Emeritus.

Personal

In addition to his successful business career, Bob and his wife, Sue, are in their 49th year of marriage. They were blessed with six great children, today all adults, and fourteen grandchildren. Their children are graduates of Boston College, William and Mary, Duke, Harvard, and the Wharton School of The University of Pennsylvania.

AGENT DISCLOSURE

**Third-party rankings and recognitions are no guarantee of future investment success and do not ensure that a client or prospective client will experience a higher level of performance or results. These ratings should not be construed as an endorsement of the advisor by any client nor are they representative of any one client's evaluation.

MDRT DISCLOSURE

Qualifying membership in the MDRT is based on minimum commission and gross business generated within a year. One becomes a Qualifying and Life (QL) member when approved for the 10th year of membership. The year or years during which Provisional Applicant status was held are counted. Qualifying and Life status is maintained in future years by submitting an application each year attesting to having met current minimum production levels and by paying the required dues.
