

Medicare can be complicated. We simplify the process.

Savage provides its **Medicare Education Service** at NO COST to you. We aim to help you make the best decisions for your needs. We have a team of *local*, licensed insurance agents, and you will have a primary contact to guide you through:

- Understanding how Medicare insurance interacts with your employer plan.
- Making informed decisions.
- Avoiding mistakes.

Your options:

- Continuation of employer-sponsored coverage.
- Medicare as an alternative to employer coverage.
- Medicare as you transition out of the active workforce.

How?

You get one-on-one, in-person conversations (or, if you prefer, video calls) and access to trusted, experienced, *local*, licensed insurance agents specifically assembled to guide you through the process worry-free. Medicare can be complex, yet we'll make it much easier to understand.

Savage's **Medicare Education Service** operates differently. There is zero pressure and no obligation. Our goal is to inform you of your options. And, whether you continue to work or not, we'll help you fully understand the next steps.

Your decisions remain personalized. We will determine the plan that is your best fit.
