

Help handling life's ups and downs

Life can be unpredictable. And it's not always easy. So it's a big deal to know there's help available when you need it. That's what the employee assistance program (EAP), provided by ComPsych®, is all about.

With an EAP, you and your family have access to **free, confidential** resources to help handle life's everyday—and not so everyday—challenges. You'll have **24/7 access** to support through phone consultations, a mobile app, online resources, and self-screening tools. You can connect with licensed professionals for counseling, coaching, and more—in person, by text, live chat, video, or phone.

You might use your EAP to help: manage stress, handle relationship issues, balance work and life, work through grief, cope with anxiety, and more. Plus, your EAP gives you access to discounts on major brands and everyday needs.

Services for you and your family

In-person or virtual counseling

One valuable way to work through personal or work issues is by talking with a professional. Individuals can call 24/7 to speak with a licensed professional or use GuidanceConnect® to schedule a time that works for them. Users are then matched with a local provider. Three counseling sessions per person, per issue, per year are included.

Work life services

You and your loved ones can receive support from licensed professionals with FamilySource®, FinancialConnect®, and LegalConnect® services.

- FamilySource provides employees and their families with an initial assessment and consultation, followed by customized, timely referrals for child and elder care, adoption, education, pet care, and other personal needs.
- FinancialConnect connects individuals with financial experts, including certified public accounts (CPAs), certified financial planners (CFPs), and experienced financial professionals, who can address a wide range of issues.

- LegalConnect connects users with attorneys for non-employment legal issues, plus tools for simple wills, legal forms, and resources on topics like estate planning, complaints, housing, and identity theft.

Coaching

Mental health, work-life challenges, and physical issues are often intertwined. Certified coaches understand this vital connection between mind, body, and lifestyle—they offer coaching services that address mental health, physical health, and overall well-being through one holistic solution. Coaches work one-on-one with participants to reduce personal roadblocks before they evolve into long-term, bigger challenges.

Computerized cognitive behavioral therapy (CCBT)

The EAP offers an interactive, multilingual digital program—accessible via app, tablet, or desktop—that addresses common behavioral health challenges. Guided modules are available to help reduce stress, overcome mental barriers, and improve well-being, with content covering topics such as depression, anxiety, mindfulness, sleep, self-esteem, and resilience.

Individuals can access EAP support anytime, anywhere—when and where it matters most.

GuidanceResources® online

ComPsych wants to meet people where they are, offering a digital experience as dynamic and comprehensive as live clinical care. The platform delivers personalized assessments, recommendations, and holistic care journeys tailored to each user's needs.

Through the GuidanceResources website, users can explore partner discounts—including Nationwide® Pet Insurance and TurboTax®—and the member-only Working Advantage portal for exclusive savings on movies, theme parks, travel, shopping, and more.

GuidanceNowSM mobile app

The GuidanceResources mobile app, GuidanceNowSM, offers the same features as the website, letting members explore journey options, browse content (HelpSheets, assessments, Q&As, podcasts, and articles), and find local counseling, legal, childcare, and elder care providers.
